Book Week

18 - 25 August 2017

Each year, many schools and public libraries from all over Australia spend a week celebrating books, Australian authors and illustrators. These felt products are hand made under Fair Trade by women in Nepal and are created with all natural fibres such as pure wool and cotton, using old craft techniques such as felt making, embroidery, crochet and knitting to enhance our designs

We chose Bellbird to fit our new kindergarten because they are just so fantastic to work with. Actually, we've been using Bellbird for years because they have a great range of quality products that last, and their service really is exceptional, before, during and after.

Our Account Manager spent hours assisting us with our product selection by providing us with photos of other centres and samples of furniture to look at. We were thrilled with the combination of furniture products available through Bellbird and are happy with how the mix of hardwood, pine, birch ply and high pressure laminate products go together to create the natural look we were aiming for.

On the day of delivery they not only unpacked and assembled everything, they checked off invoices, assisted us with the setting up of the room and removed all of the rubbish. Thank you Bellbird for the great support at such a busy time.

It has been an absolute pleasure working with Bellbird Kidz to plan and fit out our beautiful new kindergarten with the most amazing furniture, equipment and resources that the children and parents adore. From the time I first made contact, Bellbird have been so willing to really understand our philosophy, and have been very helpful in working with us to achieve the innovative learning space that ticks all the boxes for our community. This included visiting our site numerous times, assistance with budgeting and choosing essential and nonessential items, then sending an experienced team of people for two days to assemble and set up our space, even removing all the packaging!

A highlight of this was the way in which Tracey, the Manager, liaised with the Kindergarten teacher and shared her extensive knowledge of the products. She was a wealth of knowledge.

Their continuous support and follow up has been second to none. It is very obvious to us all that Bellbird is a meticulous company that is enormously proud of their extensive product range, relationship building and customer service. I thoroughly recommend Bellbird Kidz to anyone contemplating purchasing Kindergarten items or setting up an entire room as with their assistance it was like having them working with me on my staff.
